## IMAGINATION

Plays the leading part when it comes to buying clothes of a tailor. You imagine they are better, because you are paying more. Now, we do not make to order, but we make to fit; and if you buy here, we make you judge and jury; besides, if the clothes do not wear, if they do not give satisfaction in every way, we give your money back.

The most important point in a suit of clothes—after the quality of the cloth is considered—is the care and skill displayed in making it. On that point alone is based the charges of the highest-priced tailors.

In our New Spring Suits you will find skill, care and taste displayed to an extent far beyond the best previous standards.

**\$10.00** for a Suit of Excellent Serviceable Quality.  
**\$15.00** for Better Ones.  
**\$22.50** for Elegant Suits—of Quality Seldom Excelled.

## THE CENSUS WORKERS HUSTLING.

Some of the Wheeling Enumerators Will Have Completed Their Work This Week.

### ABOUT FORTY-TWO THOUSAND

Will be Wheeling's Population, It is Believed, by Some of the Knowing Ones.

The thirty-seven census enumerators in Wheeling and Ohio county, under the direction of Special Agent Charles A. Helmbright, are working overtime this week, and it is believed all of the enumerators in the county will have completed their work within the time specified by the census bureau—two weeks. Several of the enumerators, says Mr. Helmbright, will complete their enumerations by the close of this week. The enumerators are without exception progressing smoothly with their work, though of course there are many people from whom it is tediously and tiresomely slow in getting the statistics the blanks call for from each household. One reason for the smoothness with which the work has progressed in Wheeling is the fact that the enumerators are men who know the people in their respective districts, and the filling in of many of the blanks on the schedule is merely a matter of form.

While the enumerators are forbidden to give out information as to what is developed in their work, the expectation of the census takers is that Wheeling will show a very substantial increase in population. A gentleman who is well acquainted with conditions throughout the city is authority for the prediction that the census will develop a population of about 42,000 in Wheeling, and the increase in the county, owing to the drift to the suburbs, is expected to be even heavier. In the first ward it is believed that the increase in population will amount to at least 1,000 people. There was never before such a scarcity of houses in that section of the city, and the advent of many Hungarians and Poles, who work in the mills and congregate in some instances as high as twenty in a house of three or four rooms, will have its effect. The same condition is seen in the Sixth and Eighth wards.

### MUSCULAR PASTOR.

Muscles Built Up on Postum Food Coffee.

"For years I have not been able to drink coffee, as it made me very nervous, and gave me a headache. No one loved coffee more than I and it was a severe trial to abandon its use. Nearly three years ago I saw Postum Cereal Coffee advertised and concluded to try it.

"I have been so well pleased with it and its healthful effects that I have used it ever since. I carry packages with me when I visit other places. "When I began to drink Postum, my muscles were flabby, as my habits are sedentary, but for the past two years my muscles have been hard and I never felt stronger in my life than I do now at sixty years of age, and I attribute my strength of muscle to constant use of Postum. I drink it three times a day. I feel so enthusiastic about Postum that I cannot recommend it too highly wherever I go. Wishing you great success, yours truly,"

Rev. A. P. Moore, 474 Rhode Island street, Buffalo, N. Y.

The reason Postum builds up the human body to a prime condition of health is that when coffee is left off, the drug effects of the poison disappear and the elements in Postum unite with albumen of the food to make gray matter and refill the delicate nerve centers all over the body and in the brain. This sets up a perfect condition of nerve health, and the result is that the entire body feels the effect of it.

## Society.

The concert given by the Woman's Musical Club in the Opera House, last evening, was one of the best in the history of the organization and thoroughly enjoyed by an appreciative audience. Because of the necessary omission of the selection to have been played by Mrs. Nellie Warren Holloway, whom the pleasure of hearing was denied on account of the serious illness of her father, the Philharmonic Trio assisted the club, and the exquisite rendering of the DeBeriot number was so enthusiastically received that a second selection was imperative. The audience is indebted to the Woman's Club for the delightful treat of hearing the trio, and the club appreciates the honor of being permitted to have present in conjunction with its membership such talent as Prof. Schockey, Prof. Blumenberg and Mr. Meyer. The other instrumental number of the evening was Mendelssohn's Concert opus 22, splendidly played by Miss Grace Pollack. Her accomplished effort was worthy the applause received.

The vocal solos were by Mrs. Rihel-daffert, whose fine soprano voice, one of the very best in the city, was delightfully heard. Her place in the front rank of Musical Wheeling is established. Miss Margaret Harvey, with her magnificent contralto solo, sustained her enviable position on the concert stage. Miss Gertrude Rieker and Miss Annie Pelley were accorded the solo parts of the choral work, and both singers proved their worth to the allotment. Mrs. Flora Williams, the efficient director of the chorus, and leading soprano of Wheeling, favored the audience with a splendid rendition of the noteworthy aria from Il Guarany, by Gomes. A hearty encore was given her and all the performers, but the rule of the club was enforced and no further solos were permitted. The young ladies singing it were: Mrs. R. M. Archer, Mrs. John Arbenz, Jr., Miss Currie Brandfass, Miss Gertrude Becker, Miss Mamie Cushing, Mrs. J. Harvey Devore, Miss Eva Egerton, Mrs. F. F. Faris, Miss Maud Gabriel, Miss Margaret Harvey, Miss Laura Leonard, Miss Beattie McLain, Miss Annie McLain, Miss Louise Maurer, Miss Annie Pelley, Miss Theresa Phillips, Miss Jennie Quimby, Mrs. William F. Stifel, Miss Gertrude Rieker, Miss Flora Stifel, Miss Amanda Spill, Miss Mary Turner, Miss Mary Vardy, Miss Eleanor Vardy, Miss Minnie Wincher.

This closes the work of the Woman's Musical Club for the season and the election of officers for the coming year will occur at the club rooms, in the Odd Fellows' hall, next Saturday afternoon. The encouragement of this community should be given to this endeavor, unstintingly.

The ladies who formed the associate membership of the fifth year, embodying a personal interest in the undertaking, are: Mrs. Mary Bocking, Mrs. W. T. Burt, Miss Martha Caldwell, Miss Sue Caldwell, Mrs. Seymour Dunlevy, Mrs. Fred Frazier, Mrs. Conrad Hirsch, Mrs. Otto Hess, Mrs. John C. Hupp, Mrs. S. L. Japson, Mrs. S. H. Lincoln, Mrs. W. B. McMechen, Mrs. Oscar McKee, Mrs. Laura McCulloch, Mrs. Mattie Nesbitt, Miss Augustus Pollack, Mrs. Oliver T. Rhodes, Miss Anna Reymann, Mrs. P. M. Scott, Mrs. Lewis Steenrod, Mrs. William F. Stifel, Mrs. H. G. Thoker, Mrs. Florence Watson, Mrs. Isaiah Warren, Mrs. B. O. Williams, Miss Agnes Wilson.

A delightful evening's entertainment is promised at Altenheim Thursday evening, and the friends of this worthy institution will doubtless respond in force. The affair, which is under the auspices of the ladies composing the board of managers, will have for its principal points, a strawberry festival and a feast of music and song.

Last evening, at the home of Miss Hallie Stamp, on South Huron street,

Island, a score or more of her friends were pleasantly entertained.

Invitations were issued yesterday for the wedding of Mr. I. Hazlett Freese and Miss Sue Alberta Hawkins, to occur Thursday evening, June 14, at 8:30 o'clock, at the home of the bride's parents, Mr. and Mrs. H. A. Hawkins, on North Huron street, Island. After the ceremony the principals will take an eastern trip, and they will be at home at 191 Fifteenth street. The groom is engineer at the county building, and both he and the bride-elect have a wide circle of friends who will hasten to extend congratulations.

Miss Mollie Murdock, of the Island, and Mr. Burt P. Seelye, of New York, will be married at the home of the bride's cousin, Mrs. Jessie Wells, on South Broadway, July 3. The wedding will be a quiet affair, owing to the recent death of Miss Murdock's mother. Miss Murdock has been stenographer for the firm of Ott Bros., and Mr. Seelye is an instructor in a high school at New York. They will spend their honeymoon at Lake Chautauqua.

The first sommersnachtsfest of 1900 of the Opera House band occurs tonight at Wheeling Park, and will doubtless attract a large attendance. The concert programme to be rendered by the band is as follows:
